

Because inner values count! Whether it's the headlights of the Passat or the chips for the Thermomix - the printed circuit boards and electronic modules assembled by us are contained in countless well-known end products. With 790 employees, a turnover of 175 million euros and three production sites in Europe and the USA, we are already shaping the EMS of tomorrow. We're looking for

Head of Group Finance & Controlling (m/w/x)

TASKS

- Sparring partner to the CFO and close collaboration with all management levels of the group
- Leading and developing the Group Finance & Controlling Team
- Steering of the monthly closing process and preparation of the monthly group and bank reporting
- Preparation of the annual consolidated financial statements and external financial disclosure
- Management of performance improvement projects
- Monitoring of the syndicated loan agreement
- Management of the 13-week liquidity forecast
- Support of mergers & acquisitions and group-wide projects
- Monitoring and controlling of transfer pricing within the Group
- Contact for shareholders, financial institutions, auditors and tax advisors
- Harmonization and further development of processes and (IT) systems as well as business analytics

REQUIREMENTS

- Successfully completed business studies
- 5-10 years of in-depth professional experience with a focus on finance & controlling, preferably acquired in audit and/or management consulting; PE-exposure a plus
